You should receive your credit within four weeks of giving your package to the return shipper; however, in most cases you will receive a credit more quickly. This time period includes:

- The transit time for us to receive your return from the shipper (5 to 10 business days)
- The time it takes us to process your return once we receive it (3 to 5 business days)
- The time it takes your bank to process the credit request (5 to 10 business days)

We will notify you via e-mail of your credit once we have received and processed the return.

- Please be sure to include the same email address you created your ShopBOSS order with on the Return Form. This will help expedite the Return process.

Note: Most parts that are available on ShopBOSS AND not considered wear items are covered under warranty for up to 1 year from the date of purchase. If these items have been used and found to be faulty, they will need to be repaired or replaced at an Authorized BOSS Dealer and are therefore non-returnable.
