

# Irritrol®

Irritrol® introduces the Contractor Residential Remote (CRR) for remote access to several series of irrigation controllers. The remote provides the installer, or maintenance personnel, the convenience and cost savings of one-person remote control. Use for system checks, troubleshooting, and supplemental watering as needed. The handheld transmitter (CL-R1) is also the remote for the Irritrol CLIMATE LOGIC® wireless weather sensing system. The remote commands reach the controller through the CLIMATE LOGIC receiver module.

## CRR SERIES

### CONTRACTOR RESIDENTIAL REMOTE

---

#### LABOR SAVINGS

Makes system testing and maintenance a one person job

---

#### COST SAVINGS

Uses the same transmitter in the Kit for CLIMATE LOGIC Weather Sensing System

---

#### EXTRA SALES OPPORTUNITY

Remote kit for contractor's to offer to the end user
