

TransPro Trailer Features

Toro TransPro trailers safely and easily transport walk greens mowers to and from the green. The unique design protects your investments and keeps adjustments in tact. The TransPro 80 accommodates a single Greensmaster with a Flat Ramp or Rail Ramp Kit. For additional time and productivity gains, transport two walk greens mowers (excluding the 1600) with the TransPro 100.

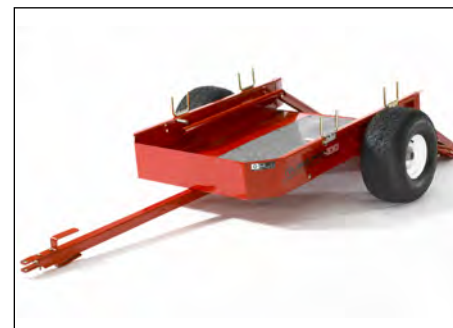

TransPro Trailers

TransPro 80

- Safely transports a single greens mower
- Easily adjustable to fit all Greensmaster walk greens mowers

TransPro 100

- Safely transports two mowers to save time and increase productivity
- Designed for 21" (53cm) mowers. Note: Conversion kits are available for transporting 18" (46cm) mowers

TransPro Trailer Accessories

Flat Ramp Kit (TransPro 80)

- Recommended if you can't get close to the green
- Requires the use of transport wheels on the greensmower for loading and getting from the cart way to the green

Rail Ramp Kit (TransPro 100) Rail Ramp Kit (TransPro 80)

- Recommended if you are able to get close to the green
- Small stationary wheels are mounted on the axle shafts for loading the mower on the trailer
- Mower transport wheels are not required
