

# Removeable Enclosure

GROUNDMASTER® 360

## FEATURES

- Removable, weather-tight enclosure mounts to the existing ROPS structure
- Two-piece thermo-formed roof and headliner contains heater, two-speed fan, dome light, front wiper/washer and front and rear window defroster vents
- Steel-framed doors include opening sliding windows
- Lighting package consists of front work lights, front LED flashers and rear turn signals/flashers
- Fits Groundmaster 360 4WD models only

## All-season performance, 365 days of the year.

The ultimate Groundmaster 360 Quad-Steer is the one you can use year round.

Meet the Groundmaster 360 Quad-Steer with either an all-season safety cab or a winter only removable enclosure. Your operators will stay safe, comfortable and more productive in all kinds of weather. What could be better? How about adding the optional front Quick Attach System (QAS), so one person can change seasonal attachments like a snow thrower, rotary broom or angled snow blade in less than a minute, with no tools required. Talk about versatility!
