The Original Material Handler. And Then Some.

The large capacity MH-400 delivers versatility and performance to tackle a wide range of jobs at any facility. The cross conveyor is ideal for completing bunker and greens renovations, cart path rebuilding, applying mulch, back filling of drainage ditches, and much more. Install the twin spinner accessory and the MH-400 becomes a large area topdresser to transport and accurately spread materials ranging from crumb rubber, to fertilizer, to a sand/peat topdressing mix. The rear hitch receiver allows implements, such as a wood chipper, to be towed in tandem. An integral component of any maintenance program, the efficient MH-400 reduces labor, saves time and cuts operating costs.
The MH-400 handles everything: topdressing, cross-conveyor, material delivery & hauling/transport. Designed to perform everyday as part of your maintenance program. By being an integral component to daily tasks the MH-400 reduces labor, saves time and cuts operating costs. Optional wireless remote control available.
