

# Aerothatch 83/Seeder 93

CULTIVATION EQUIPMENT

## FEATURES

### Aerothatch 83

- Durable 90 hp (67.1 kW) rated gearbox
- 3-inch (7.6 cm) spacing standard, optional kit reduces to 1-inch (2.5 cm) spacing
- Durable 12-gauge thatching blades

### Seeder 93

- Efficient seed dispersal
- Simple and quick seed flow rate adjustment
- Hopper holds up to 100 pounds of seed

## Efficient and Productive Overseeing.

The Aerothatch 83 delivers exceptional relief from thatch and compaction. Its 90 hp (67.1 kW) rated gearbox helps it withstand the most rugged conditions and provides a long life. It features 16 durable thatching blades, spaced 3-inches (7.6 cm) on center that can achieve depths to 3 inches (7.6 cm). A 1-inch (2.5 cm) on center thatching blade kit is available for more aggressive aerating. Paired with the Aerothatch 83, the Seeder 93 delivers efficient overseeding in a simple, one-pass configuration. Seeds flow through 16 independent channels to the grooves created by the Aerothatch 83 for efficient germination. Flow rate is easily and quickly set without tools.

Toro Aerothatch 83

Aerothatch 83 & Seeder 93

# Aerothatch 83 & Seeder 93

Provides relief from troublesome thatch and compaction and slit seeds all in one pass.
