With the Quick Attach System™ (QAS) and over 30 attachments, the Sand Pro 3040 & 5040 are versatile utility vehicles with many uses on golf courses and sports fields. The QAS lets you change most attachments in under a minute, with no tools required. And the variety of attachments allows you to repair a bunker, groom wet or dry sand, blow debris or reconstruct a tee with one machine. The Sand Pro keeps your course or field in tournament condition every day.

Front Attachments

**Hydraulic Flex Blade**
- Steerable flex design provides ultimate control
- Levels, packs and smooths uneven areas in one pass
- Dual-function edge can be rotated on the jagged or smooth side

**Manual Blade**
- Spring-balanced steel blade is ideal for leveling uneven areas and pushing up bunker walls
- Foot lever enables additional downward pressure

**Lip Broom**
- Hydraulically-powered lip broom maintains infield lips by removing ridge buildup and sweeping material back into infield
  - Available from Rahn Industries
  - RahnIndustries.com 800-299-1707

**Bunker Pump**
- Throws water up to 40’ (12 m) and can pump 95 gal/min (360 l/min)
- Adjustable throw direction and angle

**60” Blade Extension**
- 60” (152 cm) blade for leveling larger areas

**Nordic Plow**
- Clears snow and debris from any surface
- Rounded edge will not harm turf, making quick work of aeration core clean up
- Mounts over Manual Blade or to front QAS (5040 only)
  - Available from Nordic Plow
  - NordicPlow.com 800-662-7569

**Nordic Plow Remote Discharge**
- 50’ (15 m) discharge hose allows Bunker Pump to be placed in hard to reach areas

**Golf Infields/Sports Fields Synthetic Turf Other Surfaces**
Sand Pro 3040/5040 Accessories and Attachments

Rear Attachments

**Flex Tooth Rake**
- Follows contours for superior grooming regardless of bunker undulations
- Gentle on turf and bunker liners

**Drag Mat Carrier System**
- Carrier frame allows operators to hydraulically raise and lower drag mats from the operator’s seat

**Nail Drag**
- Use to scarify, loosen, or weed before smoothing
- Easily adjust nail pattern and depth
- Accepts up to 40D common nail

**AutoMat Drag Mat**
- Automatically engages the infield skin as the Nail Drag is lowered

**Basic Drag Mat System**
- Simple drag mat system

**Spring Rake**
- Leaf rake assembly great for collecting debris in groomed areas
- Can be used alone or with Tooth Rake

**Coco Drag Mat**
- Quickly produces a premium finish on dry, level surfaces

**Flex Groomer**
- Pairs with Nail Drag offering complete grooming in one pass

**Steel Drag Mat**
- Quickly groom and finish more rugged surfaces, both wet and dry

**Manual Drag Mat**
- Works in tandem with Nail Drag to smooth and even scarified surfaces

**Bunker Pump**
- Throws water up to 40’ (12 m) and can pump 95 gal/min (360 l/min)
- Adjustable throw direction and angle

**Bunker Pump Remote Discharge**
- 50’ (15 m) discharge hose allows Bunker Pump to be placed in hard to reach areas

**Finish Grader**
- Weeder, solid, or carbine tines can be mounted to Finish Grader to level or scarify large areas
- Spring load regulation allows for relief if obstruction is hit

**Spiker**
- Spikes greens and other formal turf to increase airflow

**Debris Blower**
- Quickly clears debris from unwanted areas

**Specifications subject to change. Please contact your Toro distributor for details. Rev. 7/18**
Sand Pro® 3040/5040 Accessories and Attachments

Rear Attachments

**Lip Broom**
- Maintains infield lips by removing ridge buildup and sweeping material back into infield
- Use traction unit controls to adjust aggressiveness and speed
- Optional edging attachments for trimming cart paths and walkways

**Segmented Grooming Broom**
- Minimizes top surface disruption, maximizes firmness, and provides a smooth finished look
- Broom with stiffer bristles
- Weight Kit for Segmented Grooming Broom
- Improve performance in coarse or wet conditions

**Rahn Groomer**
- Use lock or float position to level uneven playing fields
- Prevents ridge build up and creates a safer infield
- Available from Rahn Industries
- RahnIndustries.com 800-298-1707

Mid Attachments

**Weeder Tine Toolbar**
- Ideal for removing weeds and grass from bunkers and infields

**Spring Tine Toolbar**
- Use for light to moderate scarifying and daily maintenance on bunkers and infields

**Solid Tine Toolbar**
- Great for loosening compacted bunkers and scarifying infields
- Tines can be rotated to maximize life

**Carbide Tine Toolbar**
- Carbide tips withstand the harshest conditions
- Perfect for loosening compacted infields

**Leveling Blade**
- Attach to any mid-mount toolbar
- Ability to lower blade independently of other toolbars
- Selectable depth setting for more consistent leveling

**Sports Field Edger**
- Maintain or renovate ball fields by removing overgrown turf infield or warning track lip build up

Specifications subject to change. Please contact your Toro distributor for details. Rev. 7/18
### Accessories

**Front Lift Frame Assembly**
- Front QAS mounting assembly and hydraulic components
- Allows Spiker or Rahn Groomer attachments without the Front Lift Frame Assembly to meet ANSI compliance

**Mid-Mount Assembly**
- Base mounting assembly for mid-mount toolbars featuring spring-loaded relief if obstruction is hit

**Front Remote Hydraulics**
- Quick connect design allows front powered attachments to be connected in under a minute

**Rear Remote Hydraulics**
- Quick connect design allows rear powered attachments to be connected in under a minute

**Variable Orifice Kit**
- Slows hydraulic lift and lower for increased precision

**QAS A-Frame**
- Used to attach Spring Rake to be used independently

**400 Hour Filter Maintenance**
- 9 engine oil filters, 2 hydraulic oil filters, and 2 air filters

**Speed Control Kit**
- Limits grooming to desired speed while allowing for full transport speed

**Hitch/Tow Bar**
- Allows traction unit to transport materials or trailers

**Light Kit**
- Front and rear flood lights

**Tires**
- Includes individual tire, wheel, and stem valve assembly
- Typically used on greens

**Turf Tire**
- Turf head tire
