**Simply Superior.**

The Workman GTX is a grounds and turf crossover vehicle that boasts an unequalled combination of comfort, utility and control, making it simply superior to the competition. Its increased power, improved steering and exclusive suspension and braking systems make the Workman GTX the most versatile, practical and comfortable utility vehicle in its class. Available in gas or electric, the Workman GTX features hundreds of configuration options; including front and rear attachments, a flat bed and a four-seat option. So whether you are setting cups, checking on irrigation, working around campus, or moving people or materials, the Workman GTX has the power and versatility to get the job done right.

---

**FEATURES**

- **Power** – Whether you choose the 429 cc EFI gasoline, 48-volt A/C electric or Lithium-Ion Workman GTX, power and performance come standard. An improved power to weight ratio boosts payload capacity and productivity by allowing you to do more, every day!

- **Steering** – An automotive-grade rack and pinion steering system provides more control and lowers steering effort, while operating loaded or empty. This allows operators to focus on the task at hand and nothing else.

- **Suspension** – Coil-over shocks all around the vehicle deliver greater suspension travel and adjustability resulting in a smoother ride and minimized operator fatigue.

- **Versatility** – The Workman GTX is adaptable for any task. Two or four-seat configurations come with bench or bucket seats. Front and rear attachment points for garbage cans, hose reels or walk spreaders free up the bed for more hauling capacity. 4 and 6-foot flat beds are also available.

- **Hydraulic Disk Brakes** – Minimal maintenance, no cable adjustment and less pedal force than mechanical cable brakes affords the Workman GTX reliable and consistent stopping power.

- **Durability** – Virtually unbreakable composite exterior components and a powder coated frame and underbody give the Workman GTX superior durability. Run it hard, day after day.

### Workman® GTX Series Specifications*

#### POWER SYSTEM
- **Workman GTX (Gas EFI), Models, 07409, 07411EX**
- **Workman GTX – Lifted (Gas EFI), Model 07059LT**
- **Workman GTX (Electric), Models, 07410, 07412EX**

429cc, air-cooled, single-cylinder Kohler® EFI gasoline engine. Meets current EPA & CARB exhaust and evaporative emissions regulations.

48V brushless AC induction drive.

#### STEERING
- Manual rack and pinion steering system with ergonomically positioned column.
- Steering wheel has 2.75 turns lock-to-lock with 13.75" (35 cm) diameter.

#### TURNING RADIUS
- **Standard model**: turning clearance circle: 20.7” (6.3 m), inside turning radius: 60.25” (153 cm).
- **Extended model**: turning clearance circle: 31” (9.45 m), inside turning radius: 100” (254 cm).

#### BRAKES
- Front and rear wheel hydraulic disc brakes.

#### SUSPENSION
- **FRONT - Modified MacPherson Strut. REAR - Articulating Swing Arm.** Adjustable Seal Over Stacks at all four wheels.

#### SUSPENSION TRAVEL
- Front Suspension Travel: 3.5” Rear Suspension Travel: 4”.

#### FUEL CAPACITY
- 5 gallons (18.9 liters)

#### GROUND SPEED
- 16 mph (25.6 km/h) governed. Speed reduction kits available.

#### TRANSAXLE
- 11.47:1 Forward, 14.35:1 Reverse
- N/A double-reduction high torque.

#### GROUND CLEARANCE
- **2-Seat with Bed (GTX Std.)**: turning clearance circle: 20” (50.8 cm), Inside turning radius: 60.25” (153 cm).
- **2-Seat with Bed (GTX Lifted) Model 07059LT**: turning clearance circle: 20” (50.8 cm), Inside turning radius: 100” (254 cm).

#### TIRES
- 20 x 8-10, 4-ply. Or alternate 4-ply/6-ply.

#### WHEELS
- 10" (25.4 cm) steel

#### BATTERIES
- One 12-volt starter battery
- Eight Trojan® T-125 Advanced Deep Cycle 6V batteries featuring a single port fill system and water level indicators.

#### CONTROLLER
- N/A

#### CHARGER
- N/A

#### ELECTRIC MOTOR
- N/A

#### INSTRUMENTS/DASH
- Hour meter, fuel gauge, USB power port, headlight switch, on/off ignition key switch, gear selector and parking brake lever. Two cup holders, radio holder and three in-dash storage compartments.

#### STARTING
- Pedal or key start capability standard.
