WORKMAN® HDX SERIES UTILITY VEHICLES

WINTER ATTACHMENTS & ACCESSORY GUIDE*

Workman HDX Series

The Workman HDX Series is designed with your toughest work challenges in mind, from the front bumper to the rear bumper and everything in between. Engineered with the highest total carrying capacity in the industry and a wide variety of attachments and accessories, the Workman HDX Series utility vehicles can be equipped with the right tool in any application.

Attachments & Accessories

Deluxe Hard Cab (Optional Door Kit Available)

Features a vented front glass windshield for cross ventilation, glass windshield, and side panels for enhanced visibility, interior dome light, and a 2-speed windshield wiper. ROPS & CE certified.

BOSS® Snow Plow

Engineered for your HDX vehicle, yet built to the same professional grade standards as full-size BOSS plows, making them tough enough to handle any snow removal job.

BOSS® V-Box Spreader

Engineered to spread sand and rock salt as well as other deicing materials while boasting even more features to help make your job as smooth and steady as possible.

ATV/Snow Tires

Aggressive tread to provide extra traction during snowy conditions.

Side Mirror Kit for Cab

Operator and passenger side mounted rear view mirrors for enhancing all around visibility. Externally mounted to the cab frame.

Rearview Mirror Kit for Cab

Internal, oversized and center mounted mirror for maximum visibility.

Beacon Light Kit

Rotating orange light mounted to the top of cab.

Work Light Kit

Consists of three work lights for mounting on top of cab.

Turn Signal Light Kit

Turn signal lights for both corners in the front and rear. Also contains brighter beam headlights.

Cab – Door Kit

Provides 2 doors for cab with operator's side window.

Heater Kit

Mounted inside on the passenger side near the floor. Heater provides enhanced comfort when needed on cold weather days – ties into radiator.
