- Snap on measuring cup with keep clean lid makes dosing and pouring easy
- Graduated bottle for easy measuring
- Tinted red bottle promotes visibility on shelf
- Fully compatible bottle materials resist paneling

FEATURES & BENEFITS

Using Toro Fuel Treatment with every fill up provides protection for two and four cycle small engines

KEEPS FUEL FRESH

- Keeps fuel fresh for 12+ months at 1oz. per 2 gallons of fuel
- Protects fuel against water that ethanol attracts
- Ensures easy starting - even after seasonal storage

CORROSION PREVENTION

- Corrosion prevention: coats and protects your carburetor
- Metal deactivator guards fuel system parts against rust, oxidation and other corrosion that ethanol can accelerate

KEEPS FUEL SYSTEMS CLEAN

- Keep fuel systems clean: detergents dissolve fuel system deposits
- Cleans intake valves
- Cleans carburetor varnish

TREAT RATE

- 1 fl.oz. per 2 gallons for stabilization
- 1 fl.oz. per 1 gallon for maximum fuel system clean-up

PART #131-6572
