

SNOWBLOWER PRODUCTS

ELECTRIC / GAS / COMMERCIAL

LOVE CAN BE COLD.

Winter weather is tough enough. Make snow removal easy with a powerful Toro® snowblower. From the electric Power Shovel to the heavy-duty Power Max® HD, our snowblowers combine outstanding durability with advanced technology so you can clear snow like a pro. In fact, more professionals rely on Toro snowblowers than any other brand.* With Toro, reliability is built in — so you can count on performance winter after winter. It's a choice you'll be glad you made every time it snows.

MORE PRODUCTIVITY

POWER CURVE® TECHNOLOGY

A curved rotor and inverted funnel housing help move more snow in less time and virtually eliminate clogging.

Standard on electric and all single-stage models.

ANTI-CLOGGING SYSTEM (ACS)

Reduces clogging while maximizing impeller speed and snowblowing velocity.

Standard on all two-stage models.

MORE DURABILITY

HIGH-STRENGTH AUGER GEAR BOX

Special hardened gears designed to withstand the highest stresses provide worry-free performance.

Standard on all two-stage models.

*Claims cited from 2012 Market Research regarding single-stage snow throwers used in snow removal businesses.

MORE POWER FOR HEAVY SNOW

Toro's snow engines give you the performance you need to clear snow quickly and efficiently. The heavy flywheel delivers more inertia under load to help the engine plow through heavier snow. And just like our mower engines, snow engines have a special governor design that delivers fast power when you need it most.

BLUE 
FEATURE

Blue MEANS MORE FOR YOU WITH
Smart Features FROM TORO

Look for this blue icon throughout the brochure pointing you to innovative and smart features from Toro.

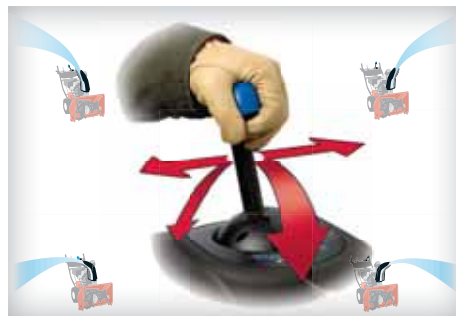

MORE EASE-OF-USE

SUB ZERO MATERIAL

Chute, deflector and ACS are made of a special cold-weather material durable to -104° F and guaranteed for life. It's also rust-free and snow and ice won't stick.

Standard on all two-stage models.

» QUICK STICK® CHUTE CONTROL

An innovative joystick control allows you to change the chute and deflector direction quickly and easily, even on the go.

Standard on all two-stage models.

BLUE 
FEATURE

PERSONAL PACE® SELF-PROPEL

Toro's innovative Personal Pace self-propel system automatically senses and adapts to your walking speed.

Standard on Snowmaster® models.

BLUE 
FEATURE

POWER SHOVEL / POWER CURVE®

ELECTRIC SNOWBLOWERS

POWER YOU NEED

WITHOUT THE MAINTENANCE

POWER CURVE TECHNOLOGY

Curved rotor and inverted funnel housing efficiently remove snow while reducing clogging.

EASY-TO-USE CONTROLS

Simple, intuitive operation with left or right hand.
Standard on 1500 and 1800 Power Curve®.

QUICK CHUTE LEVER

Aim snow on the go with no cranking needed.
Standard on 1800 Power Curve.

LIGHTWEIGHT DESIGN

The lightweight Power Shovel weighs only 13 lbs., so it's easier to maneuver than a gas unit.

YOUR SHOVELING DAYS ARE OVER

Toro's compact electric snowblowers are lightweight and easy to store for clearing your deck, sidewalk or patio. But don't let the compact size fool you. **These models are powerful enough to throw snow up to 30 ft and clear down to the pavement.** They're also maintenance-free, which means there is no gas and oil to mix. Just plug them in and go.

TORO® POWER SHOVEL

“I bought a Toro Power Curve 1800 nearly 20 years ago and it prevented a lot of back aches if I had to shovel snow. I have a neighbor who is a disabled veteran so I ordered a new Toro Power Curve 1800 for myself and gave him my original machine that still works perfectly. The new Toro has improved features. The ratchet deflector holds the deflector in place, whereas the old deflector could not be locked into position and it always went high.”

★★★★★ b3677 via Toro.com

POWER CURVE

IDEAL FOR:

- Concrete and Asphalt Surfaces
- Sidewalks and Decks
- 2-4 Car Driveways
- Snow 2" to 6" / 5 cm to 15 cm Deep

See your dealer for full details on warranties.

POWER CLEAR®

SINGLE-STAGE SNOWBLOWERS

MAKE THE CLEAR CHOICE

QUICK SHOOT CONTROL SYSTEM

Just squeeze the trigger and slide the grip to change the chute direction without slowing down. *Select models only.*

ZIP DEFLECTOR

Throw snow high, low or in-between. The deflector locks into any angle in less than a second-with just a touch of your hand.

Select models only.

POWERFUL ENGINES

Smooth Toro 99 cc and 212 cc 4-cycle OHV engines have been tuned specifically for these models to deliver powerful, responsive performance.

POWER PROPEL™ SELF-PROPEL SYSTEM

Reduce your effort while clearing down to the pavement. The innovative pivoting scraper keeps the rotor in constant contact with the ground, self-propelling the snowblower through the snow.

Select models only.

POWER CURVE® TECHNOLOGY

Curved rotor and inverted funnel housing efficiently remove snow while reducing clogging.

COMPACT STORAGE

Fold-down handle and chute make storage or transport simple. These models are powerful enough to handle big jobs but small enough for easy storage.

Select models only.

TAKE ON SERIOUS SNOW WITH LESS EFFORT

As our best-selling models, Power Clear snowblowers are strong enough to take on serious snow, yet easy for anyone to maneuver. And with Toro's 2-Year Guaranteed to Start Warranty*, you're ready for whatever winter has in store. No wonder professional snow removal crews use Toro single-stage snowblowers more than any other brand or type of snowblower to help them get their job done.**

TORO POWER CLEAR® 518

“Very happy with the decision to buy this product. My husband travels often and having a snow thrower I can easily operate and start is important. We had several storms this year and I had no trouble keeping our drive and walkways clear.”

★★★★★ JulieT via Toro.com

POWER CLEAR

IDEAL FOR:

- Concrete and Asphalt Surfaces
- 4-8 Car Driveways
- Snow 2" to 9" / 5 cm to 23 cm Deep

**See your dealer for full details on warranties.*

**Claims cited from 2012 Market Research regarding single-stage snow throwers used in snow removal businesses.

SNOWMASTER®

WITH IN-LINE TWO-STAGE
AUGER TECHNOLOGY

EASY TO MANEUVER

Toro's innovative Personal Pace® self-propel system automatically senses and adapts to your walking speed, and automatic steering allows easy turning.

ENHANCED THROW DISTANCE

Throw snow farther with the tall chute and beveled opening.

EASY-TO-USE CONTROLS

Quick Stick® and EZ Turn chute controls let you change chute direction and angle on the go with one hand.

CLEAR
MORE SNOW
IN
LESS TIME

IN-LINE TWO-STAGE AUGER TECHNOLOGY

Tall, open auger housing is free of obstacles and reduces clogging in deep snow. The all-steel rotor has a helical design — which quickly breaks up and gathers snow to the center section to throw snow far through its tall chute opening.

PERSONAL PACE® SELF-PROPEL

Toro's innovative Personal Pace self-propel system automatically senses and adapts to your walking speed.

REVOLUTIONARY SNOW-CLEARING DESIGN

Looking for a snowblower that's easy enough for anyone to handle yet still powers through tough end-of-driveway snow? The new SnowMaster is for you. This innovative design delivers impressive power, amazing maneuverability and user-friendly controls. It all adds up to clearing **25% more snow per minute, which can save you 30% more time*** and get you back in the warmth, faster.

“Snow in Southern Ontario this morning was very wet and heavy. The SnowMaster 824 powered through without difficulty. Other snowblowers were plugging up, but the Toro had no issues. Personal Pace system was smooth and easy to use. This snowblower handles like a sports car - maneuverable and quick. The 824 is also very well powered. Engine is smooth and starts easily with the electric start.”

★★★★★ Nunki via Toro.com

SNOWMASTER

IDEAL FOR:

- Concrete and Asphalt Surfaces
- 4-10 Car Driveways
- Snow 6" to 18" / 15 cm to 46 cm Deep

See your dealer for full details on warranties.

POWER MAX®

TWO-STAGE SNOWBLOWERS

SHOW DEEP SNOW

WHO'S BOSS

QUICK STICK® CHUTE CONTROL

Innovative joystick control allows you to change chute direction and angle quickly and easily on the go.

ANTI-CLOGGING SYSTEM

The only system to allow the impeller to automatically reroute excess snow away from the chute and back into the auger to reduce clogging.

SUB-ZERO MATERIAL

Chute, deflector and ACS are made of a special cold-weather material durable to -104° F and guaranteed for life. It is also rust-free and snow and ice won't stick.

AUTOMATIC STEERING

New design allows smooth, tight turning without pulling or straining — no triggers or levers required.

Power Max® 37781 only.

HIGH-STRENGTH AUGER GEAR BOX

Special, hardened gears are designed to withstand the highest of stresses and provide worry-free performance — no shear pins needed.

ONE-HAND OPERATION

Convenient controls allow you to keep one hand free so you can adjust the chute without stopping.

PROVEN POWER AND PERFORMANCE

Blizzard in the forecast? No worries. Toro Power Max two-stage snowblowers are made for tough conditions. With durable components and a patented Anti-Clogging System (ACS), they make quick work of hard, compacted snow. They're also compact and easy to handle. It's the perfect mix of Toro dependability and snow-clearing muscle for longer driveways and heavier snowfalls.

“This machine does the job. Since purchased we have had a lot of snow and this 724OE clears it well. It starts easily, even when not using the electric start. The chute directional system makes pinpoint adjustment on the fly easy. It is powerful enough to chomp through the packed snow after the plows come and clog the end of the driveway.”

★★★★★ louc3 via Toro.com

POWER MAX

IDEAL FOR:

- Concrete, Asphalt and Gravel Surfaces
- 4-10 Car Driveways
- Snow 6" to 20" / 15 cm to 51 cm Deep

See your dealer for full details on warranties.

POWER MAX® HD

TWO-STAGE SNOWBLOWERS

PACKS REAL POWER FOR **HEAVY SNOW**

TORO® PREMIUM ENGINES

Toro engines are tuned specifically for the machines they power to provide optimal performance.

Select models only.

ANTI-CLOGGING SYSTEM

The only system to allow the impeller to automatically reroute excess snow away from the chute and back into the auger to reduce clogging.

BRIGHT HEADLIGHT

See and be seen with an extra-bright flood light.

COMMERCIAL-GRADE AUGER GEAR BOX

Special hardened gears are designed to withstand the highest of stresses. No shear pins are needed, so there are none to replace.

POWER STEERING

Turn on a dime! Wheels can be disengaged independently or simultaneously with trigger controls, making turning, reversing, and steering easy for anyone.

HAND WARMERS

Keep warm and comfortable in subzero temperatures.
Models 38801 & 38802 only.

HEAVY SNOW? WE'VE GOT YOU COVERED

When the snowplow goes by, just smile and wave. Toro's heavy-duty Power Max[®] HD snowblowers make it easy to cut through tough, compacted snow at the end of the driveway. With high-performing engines, commercial-grade auger gear boxes and oversized 14" diameter augers, they're the toughest models in the line. And that means you'll be ready for the toughest conditions.

"This is a fantastic snowblower and with the 28 inch width, I got my driveway done so quickly, I had time to do three other neighbors' driveways, all within one hour! Not only do you want more snow to fall, but it can make you a Good Samaritan with your neighbors and it's very fun to use."

★★★★★ Carltonrey1 via Toro.com

See your dealer for full details on warranties.

POWER MAX HD

IDEAL FOR:

- Concrete, Asphalt and Gravel Surfaces
- 6+ Car Driveways
- Snow 6+" / 15+ cm Deep

THROW SNOW LIKE A PRO

BROOM ANGLE ADJUSTMENTS

Adjust the broom angle up to 20° in either direction with our user-friendly thumb latch. Simply press and angle.

Power Broom

VARIABLE SPEED

Commercial variable-speed transmission allows you to shift on the fly with 6 forward and 2 reverse speeds.

ALL-SEASON VERSATILITY

This maneuverable, versatile and durable multi-purpose rotary broom is ideal for commercial operation in all seasons. Applications range from brushing away snow to clearing debris and dethatching grass.

DON'T DO ALL THE HEAVY LIFTING.

Equipped with high performance engines and commercial grade gearbox. This is the toughest model in the line to make your job easier.

Power Max® HD

REINFORCED HANDLE

For added durability and strength.

DRIFT CUTTERS

Knocks down large drifts, allowing auger to collect and throw deep snow.

CAST IRON SKID SHOES

Extra wide .5" skids provide maximum life and reliability. The added weight on the front helps to chew through deep snow piles.

COMPACT, JOB-READY POWER

Save time and make more money by adding a Toro® single-stage snowblower to your fleet. It's light enough to throw in the back of a truck yet powerful enough to do the job fast.

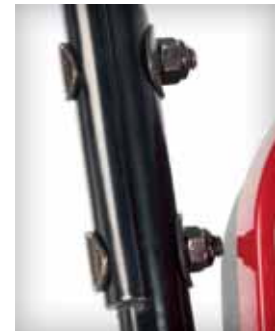

EXTENDED LIFE PADDLES

Designed to last over twice as long as standard Toro paddles for less downtime.

REFLECTIVE ERGONOMIC HANDLE

Less operator fatigue and more control — reflective for increased visibility.

ENHANCED HANDLE

Attached with four bolts for maximum rigidity.

Power Clear®

“I now have four of these for my business. It's a great performer, relatively easy for a single man to get in and out of a truck. It's much quicker than the two-stages and has far less potential to damage concrete by comparison. I would confidently recommend this to anyone who needs a blower.”

★★★★★ icutgrassllc via Toro.com

GET THE MOST FROM YOUR SNOWBLOWER

Protect the reliability of your snowblower with parts designed specifically for your Toro® model. Genuine Toro parts are made from premium materials and engineered to enhance the safety and performance of your Toro equipment. Plus, every part we ship comes with a one-year full warranty.

BLADES / PADDLES

Extended life paddles replace your worn single-stage paddles with thicker, heavy-duty paddles designed to last up to twice as long. *Standard paddles are also available as replacement parts.*

WHEN WE SAY **COUNT ON IT**, WE MEAN IT

Every product that carries the Toro brand is backed by over 100 years of history, innovation and timeless dependability. We never stop investing in research and development to give our customers the latest features. That's why Toro is one of the best-known, most trusted brands in the business – and why your next snowblower should be a Toro. We also stand behind our products with a nationwide network of knowledgeable dealers for parts and service support. **Real People. Real Support.**

Smart Features. Proven Dependability.
