TORO

POWER TRX / POWER MAX HD / POWER MAX BATTERY / POWER CLEAR / CORDED

THE TORO ADVANTAGE

Toro delivers unmatched innovation with products renowned for their durability and reliability.

From single-stage and two-stage snow blowers with battery or gas power, and even a lightweight electric power shovel, Toro leads the way in snow removal.

60V MAX* FLEX FORCE® BATTERY

Snowdrift Strength
All the power to break through heavy, wet snow and throw it up to 40 feet.

Crush Snow to the Curb
Rip through tough snow with the durable design of Toro's patent-pending all-steel Power Edge™ auger.

Extended Life
Enjoy more power, longer runtime and longer life from a Brushless DC Motor.

POWER CLEAR®

Get a Move On
The self-propel Power Propel® system's unique scraper keeps the paddle in constant contact with the ground, pulling you through the snow.

Shreds Snow Fast
Efficiently shreds through snow while reducing clogging with the curved rubber paddles and housing of Power Curve® Technology.

Put Snow Where You Want It
With a touch of the hand, the locking deflector lets you aim exactly where you want to throw snow from the chute.

SNOWMASTER®

Lightning Fast
Tear through the roughest snow and ice with Toro's powerful engineered auger. A tall auger housing and Guaranteed-For-Life chute handles end of driveway snow with ease.

Keep Up The Pace
You control your speed with the self-propel Personal Pace® system.

Glide Over Surfaces
Make maneuvering easier by breezing over driveway obstacles and garage floors with metal enforced poly skid shoes. No skuffs or skids.

NEW!

FEAR NO STORM.

POWER TRX HD TRACKED TWO-STAGE SNOW BLOWERS

NEW UNMATCHED STABILITY
Track driven allows you to clear snow from the toughest terrain and steepest slopes.

ADJUST WITH EASE
With the push of a lever, adjust your housing up for climbing and transport, flat to blow snow off a driveway or down to dig into deep snow with Toro's Quick-Adjust auger housing lever.

NEW SMOOTH HANDLING & LOW MAINTENANCE
Hydrostatic transmission allows for self-propelled operation; plus increased stability, smoother handling, longer life and less maintenance.

POWER TRX HD
Precision Moves
This much power deserves power steering.
Tackle Cold Nights With Ease
You're all in for the cold day or night with LED headlights and hand warmers.

POWER MAX® HD
Built to Last
Enjoy years of heavy-duty use with all-steel construction.
Self-Propelled with Triggerless Steering
A simpler way to effortlessly steer. Turn the machine and the wheel intelligently disengages to assist you through the turn.
Double Chute Deflector
Place the snow with greater precision, such as right next to your fence line, or throw the distance with a double deflector.

POWER MAX®
Quick Stick® Chute Control
Quickly change the chute and deflector direction with a single, smooth motion thanks to a steel-reinforced Quick Stick chute control.
Don't Stop
No shear pins needed so none to break and replace in the cold with Toro's hardened gears and auger gearbox.
Anti-Clogging System
Diverts snow away from chute opening when a clog starts to build so snow moves through vs. packing tighter in the chute.

We reserve the right to improve our products and make changes in the specifications, designs and standard equipment without notice and without incurring obligation. **Throw distance and clearing capacity will vary with conditions. ***See retailer for complete warranty details. †Based on average TraDiLine dollar share for walk behind mower market from 2013 – March 2020.
