*The gross torque of this engine was laboratory rated at 2000 RPM per SAE J1940 by the engine manufacturer. As configured to meet safety, emission and operating requirements, the actual engine torque on these mowers may be significantly lower. We reserve the right to improve our products and make changes in the specifications, designs and standard equipment without notice and without incurring obligation. **See retailer for complete warranty details. †Time savings based on survey of consumers who purchased TimeCutters from 1/1/19-9/30/19. Time savings will vary. ‡Compared to regular 11-gauge steel decks. Deck, shell and leading edge are made of high-strength 10-gauge steel. A ROPS (Roll-Over Protection System) is available as an option for each of these products.
