MyRIDE® SUSPENSION SYSTEM

MOW HARD. RIDE EASY.

Toro's got your back. Literally. Our patented MyRIDE® Suspension System features a suspended, fully-floating rear and front shock adjustable operator platform that takes the bumps so your body doesn't. Instead of just relying on a foam seat and tires for cushion, MyRIDE is suspended above the IronForged deck for a ride so comfortable, you don't need to go slow when it gets rough. And because we isolate the suspension from the frame, the deck stays level to the ground, giving you a higher quality cut and a more beautiful lawn to enjoy. With MyRIDE, the best seat in the house is actually in the yard.
