TORO®

**OUR
STORY**

HISTORY

With roots dating back to 1914, The Toro Company was built on a tradition of quality and caring relationships. Today, the company is a leading worldwide provider of innovative solutions for the outdoor environment including turf and landscape maintenance, snow and ice management, underground utility construction, hire and speciality construction, and irrigation and outdoor lighting solutions.

1914

The Toro Motor Company is founded on July 10, 1914 to build engines for the #1 brand of farm tractors in the United States – The Bull Tractor Company. The name “Toro” is chosen because of the company’s association with Bull.

1919

Toro invents The Toro Standard Golf Machine, the industry’s first mechanised fairway mower, for the Minikahda Club in Minneapolis, thus creating the mechanised golf course equipment industry.

1924

Toro introduces its first power mower, the rugged and highly versatile 30-inch Park Special. An industry standard, the Park Special becomes a leading seller during 1961 when it is displaced by demand for rotary mowers.

1952

Toro opens a unique engineering and agronomic research, development and test facility in Bloomington, Minnesota. Dr. James Watson joins the company and conducts revolutionary agronomic studies at the site. Dr. Watson becomes a world renown leader in agronomics.

1972

Continued innovation and strong customer relationships propel Toro to #1 in golf course irrigation.

TRUST THE BRAND PROFESSIONALS TRUST...

INNOVATION

Toro products are rich with innovative features made just for homeowners. With over 100 residential patents, innovation is at the heart of Toro's success. Look for our "Blue Feature" icon to easily identify innovative, smart features developed by Toro to enhance your overall mowing experience.

LEGACY OF EXCELLENCE

Since 1919, The Toro Company has built, tested, and led innovative solutions to care for your turf. Today, Toro continues to lead by focusing on creating high performance, environmentally friendly solutions to help our customers around the world preserve the beauty, productivity and sustainability of the land.

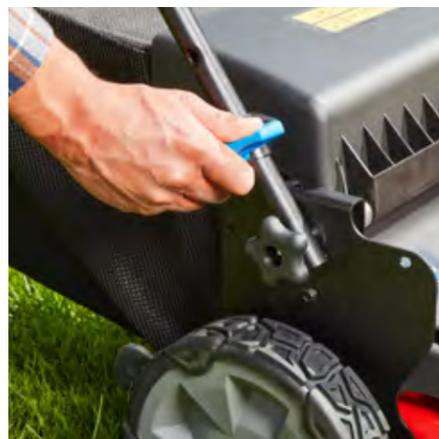

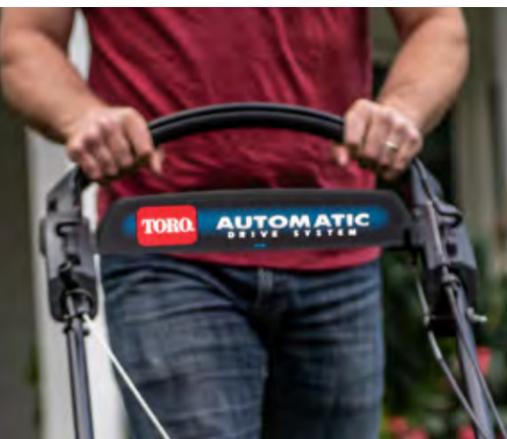

DURABILITY

We stand behind our mowers' performance, which is why we offer some of the best warranty programmes in the business. With our full coverage warranty programmes, if the mower is defective in materials or workmanship, or if it stops functioning due to the failure of a component, under normal use and maintenance, Toro will fix it.

AND MOW LIKE A PRO WITH EASY-TO-USE FEATURES

Features highlighted in **blue** point to innovative, smart features developed by Toro® to enhance your mowing experience.

* Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.

LET'S TALK BATTERY...

Now, let's focus on what it takes for you to experience the greatest runtime and lifetime from our battery systems...

MORE = LONGER
WATT HOURS TRIGGER TIME

IT'S ALL ABOUT THE WATT HOURS

Watt hours show how much power is stored in a battery, a bit like knowing how much fuel is in the tank. The higher the watt hours, the more power stored meaning longer trigger time.

KNOW YOUR TRIGGER TIME

KNOW YOUR TRIGGER TIME, NOT OVERALL TIME IT TAKES TO FINISH THE TASK

We recommend an area to cut rather than how long the battery lasts. The important consideration is **Trigger Time**, the amount of time the mower is in use.

Stopping to empty the grass bag or move obstacles will affect the time it takes to mow the lawn but **will have no affect** on the trigger time.

KNOW YOUR GARDEN SIZE

THINK ABOUT THE AREA YOU WANT TO CUT, CLEAN OR TRIM

Follow our recommendation garden size, number of cuts, or runtime for each mower or hand tool, however, the conditions will have a big affect on how much you can cut, trim, or blow. The more inclines, thicker grass or logs, wet material or heavier vegetation, the more power is consumed.

60V CORDLESS FAMILY

60V MAX* | FLEX-FORCE POWER SYSTEM™

EASY ⚡ POWER

Get more done and enjoy more free-time with the Toro® 60V* Flex-Force Power System™. Toro's legendary reliability, durability and performance, now available with the benefits of battery power. Finally, a cordless platform without compromises.

* Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.

1

BATTERY

The same battery can be used on multiple products for added flexibility

4

SEASONS

Spring, Summer, Autumn and Winter, you will find the tool right for the job

0

ENGINE EXHAUST EMISSIONS

No fumes, no engine exhaust emissions, low noise for maximum comfort

60V MAX* BATTERY AND CHARGER

60V MAX* | FLEX-FORCE POWER SYSTEM™

LED ON-BOARD POWER METER

LED indicator lights show the battery's charge level in increments of 25%. Easily check by pressing the blue battery button after each activity.

SAFE CHARGING

The battery will only charge when it's at the right temperature. The easy to read on-board LED indicator shows when it's fully charged.

ALL-SEASON POWER

Compatible with the rest of the products in the Flex-Force Power System™, including snow blowers.

EASY POWER

✓ CLASS-LEADING POWER OUTPUT*

Ultimate innovation with our 3P design for 3 times the power, higher max performance, and the ability to push your tools harder, for longer.

✓ TEMPERATURE RESISTANT CASING

Plastic components made from a unique thermoplastic material that provides superior resistance against extreme temperature ranges.

✓ BUILT-IN CARRYING HANDLE

Gives you a hand where others don't. Easily switch from tool to tool and task to task.

A BATTERY SYSTEM DESIGNED FOR THE FUTURE

Interchangeable across the entire Flex-Force Power System so as tools become bigger and better, you already have the best battery to power them. The battery's performance is optimised for each product/application, so you'll always get the most out of your experience.

60V MAX* BATTERY WALK MOWERS

36 cm & 43 cm Battery Recycler®

Deck Material:
Polymer

Power Source:
Battery

Garden Size:
Small

NEW!

3
YEAR
FULL
COVERAGE
WARRANTY

IDEAL FOR SMALL GARDENS (UP TO 300 m²)

EASY TO START, EASY TO USE, EASY TO MAINTAIN

The 60V* Recycler® models offer all of the legendary performance and durability you expect from Toro®, without having to deal with petrol. Best of all, your 60 Volt battery is compatible with all the other products in Toro's Flex-Force battery-powered lineup.

EARTH FRIENDLY, GARDEN FRIENDLY

Spend less time emptying grassbags with Toro's Recycler Cutting System. This unique design chops clippings into a fine nutrient-rich mulch, efficiently nourish the soil, feeding roots for a healthy, lush garden.

SMARTSTOW®

Save up to 70%[^] floor space by storing the mower upright – with easy grass box storage.

POWER AT THE TOUCH OF A BUTTON

Easy push-button start gets you mowing fast. Personalise the mower speed to your desired pace with the variable speed control (model 21844 only).

SMART POWER

Intelligent RunSmart™ Software maximises run time and performance by automatically adjusting the speed of the motor to match the conditions and optimise runtime. Engage MAX mode for tougher mowing conditions.

SMARTSTOW® COVER

Protect your SmartStow mower from the elements while saving space.

PART#	DESCRIPTION
490-2012	For all SmartStow lawnmowers

F-150 LUBRICANT SPRAY

Keeps tools and equipment in peak working order.

PART#	DESCRIPTION
29100	8 oz bottle

STRING TRIMMER LINE

Fits the 60V MAX String Trimmers with bump feed. No spools required, just thread the line and spin the dial.

PART#	DESCRIPTION
88201	2.0 mm line reel (30.5 m)
88202	2.4 mm line reel (30.5 m)

BAR & CHAIN OIL

Bar and chain oil lubricates the bar and chain for low friction and smooth movement of the chain around the bar. For models 51845T & 51847T

PART#	DESCRIPTION
38914	0.95 L bottle

SAW CHAIN

Comes with one chain per package.

PART#	DESCRIPTION
88614	For model 51845T
88621	For model 51847T

72V BATTERY RIDE-ON MOWER

76 & 81 cm Garden Tractor

Deck Material:
Steel

Power Source:
Battery

Garden Size:
Large

NEW!

3
YEAR
FULL
COVERAGE
WARRANTY

IDEAL FOR LARGE GARDENS (UP TO 2,500 m²)

RECHARGE YOUR GARDEN

Finish garden clean-up faster and have more time to enjoy it with the eS3000SD and eS3200DC, Toro's newest ride-on battery-powered tractor mowers. These powerful machines features a 72V rechargeable battery for a quiet and convenient mowing experience. With no belts, oil or fuel to worry about, they are extremely low-maintenance. They are also easy to manoeuvre in tight spaces, including through standard gates.

EASY TO MANOEUVRE IN SMALL SPACES

Get the productivity of a riding mower in a smaller footprint with a 76 or 81 cm deck. It's easy to steer in tight spaces like smaller gardens and through standard gates. And the nimble 46 cm turning radius also makes it easy to trim around trees and other landscape features.

DESIGNED FOR A COMFORTABLE RIDE

The adjustable seat provides premium support during longer mowing sessions and adjusts to put the pedals and steering wheel within comfortable reach. Mowing in open areas? Engage the cruise control feature to maintain the mower speed so you can take your foot off the pedal.

PLENTY OF POWER TO DO THE JOB

Get up to 2 hours of runtime with the powerful 72V brushless motor. That's more than enough to comfortably mow the average garden. The battery charge indicator on the control panel tells you the exact level at a glance, and therefore reminds you when it's time to recharge.

CORDED BLOWER / VACS

Ultra & UltraPlus

Power Source:
Electric

IDEAL FOR CLEARING CLIPPINGS & AUTUMN CLEAN-UP

GET THE JOB DONE FASTER

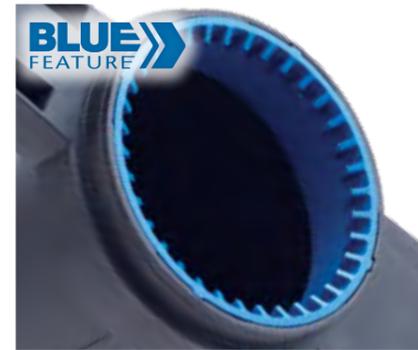

The Ultra and UltraPlus are three machines in one; a powerful blower, high speed vacuum, and leaf shredder. Count on these blowers to make light work of clearing leaves from your garden.

CLEAR EVEN EASIER

Add an Oscillating Nozzle to reduce time and fatigue when clearing hard surfaces, and clear a wider path. Standard on the UltraPlus.

Part #51664

SHREDZ-ALL™ SHRED RING

Reduces debris by 97% and therefore the number of waste bags (UltraPlus only). The zip on the bottom of the bag makes emptying quick and easy.

VARIABLE SPEED CONTROL

Matches the air-speed to the task in both blower and vac mode for optimum performance.

LARGER METAL IMPELLER

Reduces 88% of mulched debris to less than 1 ¼ cm and the UltraPlus will shred 97% of debris to less than 1 ¼ cm (see Shredz-All Shred Ring), allowing you to use less disposal bags.

MULTIPLE TUBES FOR SPECIALISED USES

MAIN TUBE

Moves debris away from houses, shrubs, etc.

POWER INSERT

Moves debris into wind rows and creates piles

CONCENTRATOR

Moves debris out of cracks, edging and moves stubborn leaves

GREAT GARDENS START HERE

Recycler® mowers make lawn care easier than ever. They start the first time every time and are easy to maintain and store. With Toro's legendary performance and durability, your mower will run smoothly for years to come.

PROTECT YOUR INVESTMENT
Add a water- abrasion- and tear-resistant cover to protect your mower and keep it running for years to come.

Part #490-7462

WASHOUT PORT
Connect a hose to the washout port to easily clean grass cuttings from under the deck. This prevents grass build up, and maintains better performance.

EASY HEIGHT OF CUT ADJUSTMENT
Select the desired height of cut in one easy move on model 20944. Model 21750 has a two-point height of cut adjustment.

INTEGRATED MULCH PLUG
Switch from bagging to Recycling and maintain a clean finish with the integrated mulch plug. Available on model 21750.

THE RECYCLER® ADVANTAGE

- ✓ **TIME SAVING**
Spend less time emptying grassbags
- ✓ **BENEFICIAL TO YOUR TURF**
Nutrient-rich clippings are returned to the soil where they quickly feed the roots for a healthy, lush garden.
- ✓ **ENVIRONMENTALLY FRIENDLY**
No need for disposal, which eliminates transportation costs and landfill use.

55 CM PETROL WALK MOWERS

Recycler®

Deck Material:
Steel

Power Source:
Petrol

Garden Size:
Large

IDEAL FOR LARGE GARDENS (UP TO 1,000 m²)

RECYCLER® MAKES MOWING EASIER

The Toro Recycler line has smart features that make mowing easier. Choose between front, rear and all-wheel drive options. With available step-up features that include SmartStow®, AutoMatic Drive System, Blade Brake Clutch and All-Wheel Drive.

BETTER BAGGING

Fit more clippings and spend less time emptying bags with the combination of the new wide-mouth bag design and Toro's Vortex Technology.

MOW AT YOUR OWN PACE

Toro's unique Automatic Drive System senses and smoothly adjusts the mower speed to your preferred walking pace.

Not available on model 21770

POWERFUL CUTTING PERFORMANCE

Increased airflow supercharges your grass cutting with Vortex Technology. The vacuum effect pulls grass upright for better cutting and the Recycler deck shreds clippings into an ultra fine mulch, forcing them back into the turf where they provide nutrients to the grass.

NEW!

SAVE STORAGE SPACE

Save up to 70%[^] floor space by storing the mower upright, with no fuel or oil leaks, with SmartStow®.

PETROL SCARIFIER

40 cm Scarifier

Deck Material:
Steel

Power Source:
Petrol

Garden Size:
All

READY TO TACKLE LARGE LAWNS

Get the extra power and convenience you need to move faster around your lawn and get the job done quicker.

ADAPTS TO YOUR LAWN CONDITIONS

Use the steel spring rotor for light moss and thatch removal or the verticutter rotor to dig deeper into the soil.

EASY THATCH REMOVAL

With a large-capacity 50 L grassbag, thatch removal is quick and easy.

IMPROVE YOUR LAWN WITH DE-THATCHING

✓ HEALTHY ROOTS

Removing thick thatch allows for better air circulation to grass roots.

✓ EFFICIENT FERTILISATION

Without thatch, fertiliser absorbs into the soil with ease.

IDEAL FOR DE-THATCHING AND REVITALISING YOUR TURF

IMPROVE YOUR TURF HEALTH

Maintain a healthy, lush lawn with the new Toro® Scarifier. De-thatching allows for healthy root growth by making water, air, and nutrients available to the soil. Featuring a durable steel deck and the power you need to pull out bad thatch and eliminate moss problems.

LESS TIME MOWING, MORE TIME LIVING

CUT MOWING TIME UP TO 50%[^]

Don't let overgrown grass slow your summer plans. Toro's TimeCutter riding mower allows you to create both a beautiful lawn and saves you up to 50% more time[^] than ever to enjoy what matters most to you.

TRADITIONAL TRACTOR ZERO-TURN MOWER

RIDE IN STYLE

Tackle tough jobs with style while you mow with a handcrafted seat that provides the ultimate in padding and back support.

HASSLE-FREE MAINTENANCE

Spend less time maintaining your mower with tool-less oil change and filter, and belt cover. Simply unlatch the belt cover and easily sweep away debris to prevent deck corrosion and belt wear.

NO MORE ROCKY RIDES

Save your body from the toughest terrain and avoid slow mowing speeds with the MyRide[®] suspension system*. MyRide keeps you perched above the action, and any blows from your lawn are absorbed by the mower, not you. *available on selected models.

EASY CLEANING

Blast away grass and mud buildup, and other debris under your cutting deck with washout ports that you can directly attach your garden hose too.
