

TORO®

BLUETOOTH® HOSE-END TIMER

Our newest Bluetooth Hose-End Timer is the ideal choice for watering lawns, gardens, shrub areas, pots, hanging plants, patio plants and roof gardens. It simply attaches to any standard garden tap and can be controlled either manually at the controller or through any device that uses Bluetooth 4.1 technology. Enjoy the convenience and simplicity of being able to manually operate your controller from your phone or tablet via the highly intuitive App from up to 90' away (depending on surroundings).

FEATURES & BENEFITS

Bluetooth Technology

Manually operate the controller from your smart phone or tablet from 15 – 90' feet away using the free App.

Easy to Install

No plumbing required. Simply attach the controller to any 3/4" hose-thread inlet or outlet.

Easy to Program

Weekly (with up to four start times) and cyclical programming with customizable days of the week and times with the option to manually operate as well.

Rain-Off Option

Allows you to manually disable the timer for a given amount of time without deleting the existing program.

Weather-Resistant

Can withstand exposure to the changing elements...sun, rain and wind.
