

Zone Worksheet

Using this worksheet, gather information that best describes each zone in your yard. As you consider each zone, give it a descriptive name; i.e., Front Lawn, Side Yard, etc. and then simply check one box in each of the categories listed for that zone. The categories are:

Sunlight – Is the portion of your yard fully exposed to the sun? Is there shade in the afternoon? Check the box that best describes the environment.

Sprinkler – Select the type of irrigation equipment being used in each zone. Choose from the follow categories:

- Single Stream Rotor – sprinkler rotates and throws a stream of water 20 to 45 feet. This includes impact type sprinklers.
- Multiple Stream Rotor – Sprinkler rotates and throws multiple streams of water 15 to 40 feet.
- Fixed Spray – Sprinkler has a fan spray pattern and throws approximately 5 to 15 feet. This sprinkler type does not rotate.
- Bubbler – sprinkler provides a close-in (under 2 feet) flood type pattern.
- Drip – Water comes from an emitter or drip tubing with factory installed emitters.
- Micro-spray – Water comes from micro-sprinklers or micro-bubblers.

Plant Type - Choose the dominant type of plant material you are watering in each zone.

Slope – If there is a slope to the area indicate its severity.

Soil Type – Indicate the type of soil for the zone – sand, clay or loam (mix of sand and clay).

When finished gathering information for each zone, you will input the data into Scheduling Advisor.

Zone 1: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 2: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 3: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 4: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 5: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 6: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 7: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 8: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 9: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 10: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 11: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay

Zone 12: _____
(name)

Sunlight: (choose one)

- Full Sun
- Part Sun
- Part Shade
- Full Shade

Plant Type: (choose one)

- Grass
- Planter
- Shrubs
- Trees

Sprinkler: (choose one)

- Single stream Rotor
- Fixed Spray
- Bubblers

- Multiple Stream Rotor
- Drip
- Micro-Spray

Slope: (choose one)

- Low
- Medium
- High

Soil Type: (choose one)

- Sand
- Loam
- Clay
