COVERAGE (PER HOUR)	2.1 acres	1.3 acres
TINES/BLADES/BROOM	48 tines	36 tines

### CONVENIENT SERVICE

Engine and other common service components are easy to access for quick maintenance.

### COMFORTABLE RIDE

The platform and cushioned panel help reduce operator fatigue.

### CONSISTENT POWER

Smart Controller optimizes power and hydraulics, ensuring consistent core depths on any terrain. Hydraforce valve sets operator weight and electronic depth control to maximize power. Model 39517 only.

### INTUITIVE CONTROLS

All necessary functions are at the operator's fingertips, including depth control with supervisor maximum-depth lockout, maintenance reminders (Model 39517 only) and time activation lockout.

**NEW!**

### SPREADER ATTACHMENT

The 24" aerator is compatible with an all-new spreader attachment with 80 lbs. capacity. Now an operator can pull plugs and overseed with precision on a single machine.
