

ARE YOU READY
FOR A UNIQUE EXPERIENCE?

BRING COLOR AND CHARACTER TO ANY DESIGN

INSPIRA fixtures are cloud-connected and allow scheduling and control from a mobile device or computer anywhere in the world through the SMRTSCAPE™ mobile app and website. Powered by standard transformers, INSPIRA fixtures can help bring out the best of any outdoor space and lighting design, new or existing, through an unparalleled level of capability and excitement.

With unrivaled fixture design, patented lighting technology, cloud-based control, and the ability to deliver a lighting experience unlike any other, are you ready to be inspired?
