

INSPIRED OUTDOOR LIVING

INSPIRA™ LOW VOLTAGE LANDSCAPE LIGHTING

REMBRANDT • Up/Down Light

INSPIRA provides endless possibilities to amplify the beauty of natural textures, landscapes or architectural features.

- INSPIRA low voltage lighting integrates CCT and RGB adjustability making it the ideal lighting design series for endless inspiration and unparalleled lighting portrait possibilities.
- Proprietary, app enabled, Calibrated Lens Control, includes fully adjustable beam angle and beam spread with no mechanical parts to provide ultimate lighting composition control and the ability to exquisitely highlight landscapes, architectural features and textures.
- Compatible with the SMRTscape™ app, enabling mobile device programming, adjustment and control from anywhere at anytime.
- Use SMRTscape to adjust INSPIRA fixture beam angles, beam spread, color temperature or lens color to create one-of-a-kind, custom lighting designs using your mobile device.

Color adjustment from red to green to blue and anywhere in between.

For use with the SMRTscape™ app
