

Engineered Lighting Solutions

Optional face plates for maximum design flexibility.

25' wire lead to support HUB Wiring System.

Replaceable LED light engine (2700K or 3000K)

VOYAGER/SOVEREIGN 5 & 8

Odyssey Series/Knights Series

Recently re-engineered based on real-world feedback in harsh conditions, the Voyager and Sovereign Series now come as a flush-mount fixture with a replaceable LED light engine. The brass face plate is offered in two different configurations for maximum design flexibility. From retaining walls to stepways, the new flush-mounted design provides the perfect combination of artful lighting effect and durability without the need for cutting or pouring into masonry.*
