

30" STAND-ON AERATOR

The 30" stand-on model boasts a Kawasaki V-Twin engine and a hydraulic system that can be finely tuned to pull any length of plug on the fly. Electronic foot pedal controls also allow the operator to raise and lower the tines instantly for quick zero-turn maneuvers. And the floating operator platform isolates the operator from vibrations for an exceptionally smooth ride.

KEY FEATURES

- 30" width at speeds up to 7.5 mph
- Raise and lower tines with foot pedal
- Fuel capacity extends operating time
