

# TITAN<sup>®</sup> HD

2000 SERIES ZERO TURN MOWER

The TITAN HD 2000 Series mowers deliver durability, professional results and performance, all at an outstanding value for acreage owners and budget-minded pros. Tackle your toughest jobs, on or off the mower, with the all-new tool-mounting capability, bringing unmatched utility and productivity right to your fingertips.

### ENHANCED COMFORT

From the standard suspension seat, isolated floor pan design, easy access from the front or side of the machine, to the deck step guide and easy to use controls, Toro has the operator in mind.

### TURBO FORCE<sup>®</sup> CUTTING DECKS

TITAN HD features both side and rear discharge cutting decks. Landscape professionals worldwide rely on Toro's patented TURBO FORCE<sup>®</sup> decks for outstanding quality of cut and durability. Nothing cuts as well as TURBO FORCE.

### COMMERCIAL-GRADE DURABILITY

From the durable 7/10-gauge high strength steel TURBO FORCE<sup>®</sup> cutting deck, to the rugged 3" x 2" tubular frame and commercial-grade hydraulics, the TITAN HD zero turn mowers are built to last.

QUICK CARRY SYSTEM

UNIVERSAL TOOL MOUNT

BUCKET MOUNT

TRIMMER MOUNT

### INNOVATIVE TOOL CARRYING

TITAN HD provides you the exclusive ability to easily attach your tools and accessories directly to the mower with the innovative tool-mounting brackets, saving you time and improving your efficiency.

\*Tool-mounting kits are optional attachments.

#### COMMERCIAL ENGINES

Powerful Kohler commercial-grade engines provide professional quality performance. Heavy-duty canister style air filtration system protects the engine from contaminants and prolongs product life.

#### COMMERCIAL-GRADE HYDRAULICS

The integrated pump and wheel motor uses proven commercial hydraulic components while eliminating hoses and other potential leak points. You'll get a smoother, faster response while enjoying an even more reliable machine.

#### REAR-DISCHARGE DECKS

The Rear Discharge model allows operators to trim on either side of the deck – no need to change directions to avoid discharging debris on roadways, sidewalks, or flowerbeds, saving time and cleanup.
