Publicly solicited and awarded national agreement offering Toro equipment, attachments and accessories...

The Toro Company

Since 1914, Toro's heritage has been rooted in durable commercial equipment. Beginning with the first Toro machine ever built, we have been committed to creating durable and reliable equipment to help professionals do their job better and faster. Toro turf equipment continues to provide the enduring performance and quality required to establish and maintain an impeccable image.

Kinetic GPO - Canada

Toro is proud to be awarded a national group purchasing contract available for agencies nationwide via Kinetic GPO. The award (**RFSO 18-02 Grounds Keeping Equipment**) includes discounts on equipment, attachments and accessories for commercial turf maintenance equipment, residential and landscape contractor products, trenchers and underground utility equipment, Dingo® compact utility equipment, concrete and masonry equipment, and snow and ice management products in Canada. For details on the award, visit the Kinetic GPO website at kineticgpo.ca or contact your Toro representative. To register to participate with Kinetic GPO, visit kineticgpo.ca. There are no subscription fees or purchase commitments required to participate.
